

Supervisors Do Alondra Park About-Face

When some 25 protesting residents of the Alondra Park district left the Board of Supervisors assembly room April 9, they thought the county had rejected an emergency ordinance prohibiting business and manufacturing development in that area.

They were correct; the supervisors had, by a vote of 3 to 2.

But April 10 Supervisor Raymond V. Darby, who had favored passage of the measure, persuaded board members William A. Smith, Roger Jessup and Leonard J. Roach to do an about-face and vote for the law.

At the meeting April 10 Darby warned the protesters that unless the emergency measure was adopted, oil companies would be able to drill anywhere in the district merely by obtaining a permit from the county.

Under the new ordinance, oil drilling is prohibited within 300 feet of any dwelling in the district.

The area affected is 10 miles square lying inside the incorporated cities of Hawthorne, Inglewood, Gardena and Torrance.

Goods Bought In L. A. Subject To New Sales Tax

Los Angeles taxpayers will feel the first effects of the city's new revenue measure Saturday, May 11, when both the sales and the fabricators tax ordinances go into effect.

The sales tax is a one-half cent on the dollar city tax on all retail purchases, which in addition to the two and one-half cent state sales tax will amount to three cents on a dollar for Los Angeles residents.

The fabricators tax is a license tax on manufacturers engaged in processing, repairing or servicing of merchandise, and who are not subject to business licenses. The fabricators will pay \$12 on the first 12,000 or less of gross receipts, plus one dollar a year for each additional \$1000.

Wholesalers and retailers business license tax ordinances are due to go into effect on Jan. 1st, 1947.

The fifth tax ordinance, adopted recently by the Los Angeles city council, the occupational tax, has not yet been approved by Mayor Fletcher Bowron.

WOMEN WILL FLY More than 800 students at Missouri's Stephens College, which initiated an aviation program in 1941 for the first time in the history of a woman's college, are taking aviation courses. There are also 150 students taking flight courses.

"HOW'D YOU LIKE TO CUT DIESEL REPAIRS 50%?"

Folks using RPM DELO, the Diesel Engine Lubricating Oil that stretches time between overhauls, say it cuts repairs as much as 50%. And that's right, neighbors—RPM DELO Oil protects your Diesel, gives it longer life. Compounds in RPM DELO Oil make it stop ring-sticking and corrosion, cut carbon and sludge, stick to hot spots. The Navy uses it, too. Try it today!

AIR SLEEPERS
Transport planes with sleeping accommodations disappeared during the war, due to demand for seats, but they will soon begin to appear on the airlines for use in longer trips. Because of increased speed of planes, however, they will not have to be used on many of the flights where they were needed before the war.

TO THOSE WHO SUFFER WITH PILES
the misery of simple
CLOROX
